

The 20th International Symposium on Wood, Fiber, and Pulping Chemistry

The 20th ISWFPC

September 9-11, 2019

The University of Tokyo, Tokyo, Japan

Call for presentations !

The 20th ISWFPC will be held on September 9-11, 2019 at Ichijo hall, Yayoi Auditorium, The University of Tokyo, Tokyo, Japan.

The ISWFPC has been held every two years since 1981, and is the 20th at this time. It has been the most relevant worldwide event in the scientific areas of wood, fiber, and pulping chemistry.

The 20th ISWFPC is now calling for presentations. It mainly covers the following research fields and will provide good opportunity and platform for you to discuss your researches and interchange worldwide.

Related research fields are:

- 1) Analytical techniques related to wood, fiber, and pulp
- 2) Biorefinery
- 3) Biochemistry and biotechnology of wood components
- 4) Chemistry of wood components
- 5) Chemistry and technology of pulping and bleaching
- 6) Fine structure of wood cell wall
- 7) Nanocellulose and cellulose products
- 8) Materials and products from lignocellulosics
- 9) Paper science and technology
- 10) Wood extractives

The important schedules (mostly deadlines) are as follows.

Short abstract submission (for presentation application): May 31

Acceptance notice: June 30

Extended abstract submission: July 31

Early-bird registration: July 31

Please visit the 20th ISWFPC site (<http://www.woodchemistry.fp.a.u-tokyo.ac.jp/20thiswfp.html>) to submit your short abstract for presentation application.

Organization of the 20th ISWFPC

Symposium chair person: Kazufumi Yamasaki (President of Japan TAPPI)

Organizing chair person: Yuji Matsumoto (The University of Tokyo)

Secretary general: Tomoya Yokoyama (The University of Tokyo)

Contact: ISWFPC@woodchem.fp.a.u-tokyo.ac.jp

The 1st International Lignin Symposium (as post-symposium of 20th ISWFPC)

September 13-15, 2019

Hokkaido University, Sapporo, Japan

The 1st International Lignin Symposium (1st ILS) will be held on September 13-15, 2019 at Hokkaido University, Sapporo, Japan as the post-symposium of the 20th ISWFPC. The 1st ILS is the internationally opened 64th Lignin Symposium (usually domestic), and also corresponds to the 1st Annual Meeting of the Lignin Society established in Japan last year. Please visit <http://www.lignin-society.jp/2019/ILS/index.html>.
